(209) 847-2981

(209) 605-2055

LLAMPING AT LAKE OROVILLE

June 9-10-11, 2023

Loafer Creek Campground

Loafer Creek Road (off Hwy 162)
Oroville, CA 95966

LANA Members - \$125

Non-Members - \$150

Cost includes:

- 2 nights camping
- 1 corral per campsite
- Saturday night dinner
- Hiking with llamas mini-clinic

Bring the family, some friends and your llamas for a weekend of Llamping! (that's camping with llamas ;) There are toilets and showers. RV's are fine but there are NO hookups. Generators are allowed between certain hours.

- ~ Enjoy a hike along the lake with lunch carried by your llamas
- ~ Party on Saturday night with a delicious dinner prepared campfire style
- ~ Learn a few things about hiking with llamas
- ~ Go swimming in the lake
- ~ Join us and have a great time!

Go to www.lanainfo.org/forms-docs
To download the registration form

Minimum Standards of Care for Llamas and Alpacas

Minimum Standards of Care are mandatory to llama and alpaca survival and humane treatment. These are the most basic requirements that all llamas and alpacas must have for physical well-being and, as such, define minimum requirements for animal control officers and government officials investigating questionable llama and alpaca care situations.

1. **WATER:** Animals should have continuous access to potable drinking water.
2. **NUTRITIONAL:** Animals should have nourishment adequate to sustain life and health.
3. **SHELTER:** Animals should have natural or man-made shelter that enables them to find relief from extreme weather conditions. The sheltered area must allow for the ability to stand, lie down, rest and reasonably move about.
4. **MOBILITY:** Animals should have a living area through which they can move freely and exercise independently
5. **NEGLECT:** Animals should have a physical appearance free from signs of serious neglect. Signs of serious neglect may include such things as crippled ambulation due to severely curled toenails, ingrown halters, or living conditions not meeting the minimums listed above.
6. **SAFETY:** Animals should be reasonably safeguarded from injury or death within their defined living environment and/or when traveling.
7. **CRUELTY:** Animals should be reasonably safeguarded from cruel treatment and actions that endanger life or health or cause avoidable suffering.
8. **SOCIALIZING:** Llamas and alpacas are herd animals and should not live alone without a companion animal. A cria (a baby llama or alpaca under six months) should not be revised apart from other llamas or alpacas.
