## Mission Statement:

Established in 1981, the Llama Association of North America (LANA), serves the camelid community by sponsoring medical research specific to llamas and alpacas; providing current and accurate information about camelid health and care; advocating for pro-camelid legislation and access to public lands; encouraging, educating and mentoring camelid enthusiasts of all ages in their interactions with camelids; supporting rescue for camelids in distress; and hosting a variety of activities including youth programs, hiking trips, shows, parades, fiber clinics, educational events and more.

# The History of the California State Fair Llama & Alpaca Show

In 1987, Cal-ILA was invited by the California State Fair to educate public about llamas and their uses. Volunteers would sign up for a day to participate in the “Llamas on Display” exhibit.

The first llama show at the Fair was in 1987. The standard four day format and was held mid-week in the L2 area. Llamas shared the ring and facilities with goats, sheep, and swine.

In 2000, the show dates moved to the Labor Day Weekend (last week of the Fair) from the previous mid-week schedule to allow for an increased number of youth exhibitors who were having difficulty missing school days. This new format moved the llamas to the larger L1 arena and the facility was shared with Watusi and Longhorn cattle.

By 2003 the show schedule had the llamas in the L1 area Friday, Saturday and Monday with a “down” day on Sunday. The 2007 show held the walking fleece and costume classes in the Cavalcade Arena area on Sunday. The llamas were also invited to participate in a parade through the Fairgrounds.

The State Fair dates were changed in 2010 to reflect the earlier start time for schools in California with the llama show held the last four days of Fair. Walking Llama fleece and Youth Judging classes were held outside on Sunday while the cattle used the arena for their show.

Alpaca classes were added in 2012 and eventually developed into a Level I Alpaca Show with Shorn Fleece, Halter, and Open Alpaca Performance classes.

At the 2019 Fair, Cal-ILA announced that they were no longer continuing as an organization and LANA would be the new host.

Due to COVID-19, the Fair was cancelled in 2020 and 2021. Cal Expo was a major vaccination site in the State of California. The L1 barn was a vaccination drive-through.

The theme for the 2022 State Fair was “Back Together.”

# SUPERINTENDENT'S MESSAGE

by  
Kathy Nichols

Wow! What a great show!

The number of entries were similar with previous years with 179 total entries. The silky division was added this year to be consistent with other shows.

There were forty llamas and ten alpacas entered. The silky division had the most entries for the halter classes with six males and six females entered. Walking fleece classes again proved to be popular with twenty seven entries. The youth attendance was low. However, I'm looking forward to more youth attending next year with the growing 4-H participation in the area.

The performance classes were a big hit with the public on Saturday. The stands were full of enthusiastic spectators. Exhibitors received cheers and applause when completing a difficult obstacle.

The barn was full of people on Saturday and Sunday, the closing weekend of the Fair. The llamas and alpacas are a big draw and many people wait till these days to attend the Fair.

The temperature was in the 100s three of the four days. Thank goodness for the blowers and big fans in the barn to help cool it down a bit. Fans in the stalls helped too. It was good to see that the exhibitors were hosing down their animals frequently.

See you next year!

## THANK YOU

**THANK YOU** Terese Evenson for making the trip out west to judge our show.  
I hope you a great time.

**THANK YOU** exhibitors for bringing your beautiful animals, setting up amazing ranch and club displays, enduring the heat and the public.

**THANK YOU** Sandi in the livestock office, and our clerk Madison for all that you do for our show.  
(Apparently the clerks fight over who gets to work the llama and alpaca show).

**THANK YOU** to those who brought items for the raffle.  
There were some fun and cute things donated waiting on the table for the lucky winner.

**THANK YOU** show families and friends for supporting the show.  
It's no easy task spending four long days at a show.  
As the saying goes,  
"It takes a village."

I hope you all get a chance to enjoy the State Fair: eating Fair food,  
looking at the indoor and outdoor exhibits,  
watching the fireworks,

Terese Evenson

Sue Rich

# HERDSMAN and SPECIAL AWARDS

## HERDSMAN

The California State Fair offers premiums and rosettes to encourage the exhibitors of all livestock to present an attractive, educational, and high quality ranch display. Two categories are offered in the Llama and Alpaca Division: 2 Head or Less and 3 Head or More.

## BEST EDUCATIONAL PRESENTATION

A special rosette is awarded to the Best Educational Presentation in each species group exhibited at Fair. Winning exhibitors compete against one another for the Grand Prize. Premiums awarded to the top three Overall Best Educational Presentations.

## MOST CREATIVE RANCH PRESENTATION

This award is to encourage exhibitors to have ranch displays that are neat, have marketing appeal, informative, and relevant to the State Fair theme. A special rosette is awarded.

Winners also get stalling preference for the following State Fair.

# Minimum Standards of Care for Llamas and Alpacas

Minimum Standards of Care are mandatory to llama and alpaca survival and humane treatment. These are the most basic requirements that all llamas and alpacas must have for physical well-being and, as such, define minimum requirements for animal control officers and government officials investigating questionable llama and alpaca care situations.

1. **WATER:** Animals should have continuous access to potable drinking water.
2. **NUTRITIONAL:** Animals should have nourishment adequate to sustain life and health.
3. **SHELTER:** Animals should have natural or man-made shelter that enables them to find relief from extreme weather conditions. The sheltered area must allow for the ability to stand, lie down, rest and reasonably move about.
4. **MOBILITY:** Animals should have a living area through which they can move freely and exercise independently
5. **NEGLECT:** Animals should have a physical appearance free from signs of serious neglect. Signs of serious neglect may include such things as crippled ambulation due to severely curled toenails, ingrown halters, or living conditions not meeting the minimums listed above.
6. **SAFETY:** Animals should be reasonably safeguarded from injury or death within their defined living environment and/or when traveling.
7. **CRUELTY:** Animals should be reasonably safeguarded from cruel treatment and actions that endanger life or health or cause avoidable suffering.
8. **SOCIALIZING:** Llamas and alpacas are herd animals and should not live alone without a companion animal. A crier (a baby llama or alpaca under six months) should not be revised apart from other llamas or alpacas.
